

MARKER / WALKER Step light (wall recessed)

SIMES

MARKER / WALKER

MARKER

Marker is a product to be recessed in the steps and stair risers. It is distinguished by the complete absence of glare, given by an optical system engineered to maximize the orientation of the light downwards. Even where the lighting fixture is installed at a height higher than the point of view, visual comfort and safety are totally guaranteed.

WALKER

Neat lines, essential shapes, high performances: Walker is a wall recessed luminaire developed to enlighten floors with a wide and well-directed light avoiding glare effects. The front frame, with no visible screws, is fixed through a spring locking system that preserves the elegant aesthetic.

TECHNICAL DESCRIPTION

Die-cast aluminium housing with high corrosion resistance. Toughened glass diffuser. Stainless steel A4 screws. Luminaire with double cable entry and cable glands. Silicone gaskets. Double powder paint.
