Skill,
the revolution in
wall recessed lighting.

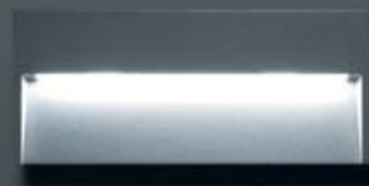

Skill

Not recessed
footpath lighting

NEW

Skill, range extension.
This successful range of products enlarges its application possibilities thanks to the new 270 mm square version. Versatility, elegance and comfort are combined in a product that doesn't require any housing into the wall.

Skill represents the ultimate revolution in LED lighting. The ongoing research allowed to enclose the most modern technology in the minimal thickness of 3 cm paving the way for a new generation of products. Skill fulfills the same function of a recessed fitting but it doesn't require the housing into the wall. High light output and uniform distribution have defined the success of this versatile and stylish range of products. Skill family is made up of several models in different sizes: round, square, rectangular and bollard.
